

GBYFC Newsletter - November 2011

www.greatbentleyyouthfc.org.uk

Hi everyone,

Another month has passed in a flash but the football has continued with some good performances and results throughout the club. I want to start with the young uns' this time round, Rob took his under 7's to Wivenhoe to play a team that boast a very good record in the games that they have played. This was the first game that Rob had played and although I can't publish the score (FA Rules) I can tell you that the kids performed very well and Rob was delighted with the way things went – well done!

Then there are Richie's under 6's who are also looking to play their first games in the next few weeks. He has a number of kids in the age group so is looking to get a couple of games played so that all the kids have a chance of playing in a game. It's great to see some of the children from the older age groups helping out with the young kids training on a Saturday morning. I think that this is brilliant and shows that the development of the club is definitely going in the right way – if the older boys can pass on what they have learnt then that's gotta be a plus.

Now onto an apology! Although we made our request for tickets to the under 21's game over 3 weeks before it was played at Colchester the game was already a sell out. So to all those people who were looking forward to an evening out – we're sorry and hopefully next time round we'll get in earlier and everyone will be able to see the game.

We are in the process of renewing our Charter Standard for the club which is now an annual thing – it does remind us of making sure that we continue to build the club properly and that our administration of things doesn't go slack. The committee continue to work hard to make sure that the club is run well but it is becoming much harder as the club grows each year.

There are some positions on the club that need to be filled such as a Minutes Secretary, this role won't take up too much time each month and will make the amount of time I sit at a computer a little less! If you would like to become involved at the club but don't know what sort of roles are available then let either Cliff or I know and we'll be happy to talk to you.

Thanks for reading,
Scott
